## STILL BOMBARDING

Japanese Vessels Opened Fire on Forts Suvaroff and Linévitch and Vladivostok.

### CASUALTIES WERE VERY SLIGHT.

It is Believed the Japanese Are Between Russian Cruiser Squadron and Vladivostok.

If This Is True the Vessels Are in a Critical Position, Since They Must Run the Gauntlet of Two Japanese Fleets.

St. Petersburg, March 8.—Viceroy Alexieff has telegraphed the czar from Mukden, under Monday's date, as follows:

"Supplementing my telegram of March 6, I most humbly report that at 1:25 p. m. five out of seven of the enemy's ships opened fire on Forts Suvaroff and Linévitch, on the town, on the roadstead and along the valley of the River Obyasschniyé.

"The firing lasted until 2:15 p. m., at which hour the Japanese squadron began to steam to the southward, disappearing out of sight at 5:30 p. m. There were no losses on the batteries or the fortifications. In the town one seaman was wounded and one woman was killed.

"According to information just received the enemy's squadron again appeared in sight of the fortress at 8 o'clock this morning."

A later message from the viceroy says: "The commandant at Vladivostok reports that yesterday's bombardment resulted in no serious damage to the port. The fortress did not return the enemy's fire.

"To-day at midday the enemy again entered Ussuri bay and approached the point from which they bombarded the harbor on March 6. They left again, making for the open sea."

London, March 8.—Up to a late hour Monday evening the Japanese legation here had received no official information regarding the bombardment of Vladivostok. It is believed at the legation, however, that the Japanese are now between the Russian cruiser squadron and Vladivostok, and there is reason to believe that the Russian squadron is in the vicinity of Possiet bay.

Russian official dispatches do not mention this squadron, and this fact lends color to the belief that the Japanese warships have shut it out of Vladivostok. It is pointed out at the legation that if this is true the Russian vessels are in a critical position since they must run the gauntlet of the Japanese squadron off Vladivostok or the Japanese squadron off Port Arthur before reaching a Russian port.

### PRINCE LOUIS BONAPARTE.

He Has Been Given a Command in the Russian Army.

Paris, March 8.—The St. Petersburg correspondent of the Echo de Paris says Prince Louis Bonaparte has been given the command of a brigade of Cossacks. He will start for the far east on Thursday.

"By the 17th of March there will be 217,000 Russian troops in Manchuria," the correspondent continues. "This information was given me by a military authority and it shows that the transport system is working perfectly."

### PNEUMONIA IN NEW YORK.

All Records For a Decade Have Been Broken.

New York, March 8.—All pneumonia and general death records for a decade are shown to be broken by the health department report for the past week, which recorded 1,800 deaths, 460 of which were attributed to pneumonia. For the corresponding week of last year there were 1,470 deaths, 303 due to pneumonia. The total number of deaths from pneumonia in the state during January is given at 1,510.

Japs Recruiting in Minnesota. Duluth, Minn., March 8.—The fact developed that secret agents of the Japanese government have been securing recruits for their army among the large colony of Finns and anti-Russian sympathizers in the Minnesota Iron ranges.

Expresses Sympathy With Russia. Paris, March 8.—The municipal council has voted to send an address to the municipality of St. Petersburg, expressing its sympathy with Russia in the war. The socialist members of the Paris council abstained from voting.

Kansas City, Mo., March 8.—The Kansas City court of appeals decided that the grain speculative trading on the board of trade is simply gambling.

## IN THE CONGRESS.

The Senate Passed the Naval Appropriation Bill.

Washington, March 8.—Senate—The senate Monday passed the naval appropriation bill which has been before it for the past four or five days and then took up the army bill. The principal question debated in connection with the naval bill related to the price and method of supplying armor plate for battleships and it grew out of an amendment suggested by Mr. Patterson providing for a government armor plant. He ultimately withdrew the amendment but offered several others all of which were laid on the table. The reading of the army appropriation bill had not been concluded when the senate adjourned.

House—Postal affairs engrossed the attention of the house Monday, practically to the exclusion of all else. The subject was introduced by Mr. Overstreet, chairman of the committee on post offices and post roads, who submitted the report of that committee on the Hay resolution calling for certain information regarding the use of "influence" by members of the house to secure increase in salary for postmasters. The matter was postponed until Wednesday. The post office appropriation bill was then taken up and Mr. Moon (dem., Tenn.), the ranking minority member of the post office committee, arraigned the present system employed in the post office department and made an appeal for a general investigation of the affairs of the department. Without debate the house unanimously adopted the resolution, Mr. Martin (rep., S. D.) directing the secretary of commerce and labor to investigate the causes for the differences which exist between live cattle and dressed beef.

## NO MINERS' STRIKE.

Action of the Conference Places the Chance Beyond Possibility.

Indianapolis, Ind., March 8.—President John Mitchell, of the miners, said Monday afternoon, speaking of the referendum vote on the operators' proposition:

"I can not predict what the outcome of the vote will be. I do not wish to influence the membership now. All I wish to say is that the membership of the organization in the states whose contracts expire April 1, will be free to vote their sentiments and those sentiments will be carefully canvassed and the majority shall rule."

Vice President T. L. Lewis, Secretary-Treasurer W. B. Wilson and other leaders adopted the same conservative policy, saying that they did not want to talk at this time.

The vote of the locals will be reported on totals of individual ballots, which means that the total vote will govern, and a majority vote in a single local will not commit that local to a unit vote.

Patrick Dolan, of the Pittsburgh miners, said Monday afternoon: "The action of the conference places the chance of a strike beyond a possibility. There will be no strike of the bituminous miners."

## PROMPT LEGAL ACTION.

It Saved Paul Hananel From Lynching By a Mob.

Carlinville, Ill., March 8.—Prompt legal action Monday night saved Paul Hananel, of Mount Olive, from lynching at the hands of a mob for probably fatally wounding his wife. Hananel shot at his wife three times, one bullet entering the head. Neighbors became angry on learning of the attempted uxoricide and planned to lynch Hananel.

The police at once procured a preliminary hearing for Hananel before a justice of the peace, who held the prisoner to a grand jury without bail. The prisoner was at once taken to Jethfield jail and the angry crowd, learning that quick legal action was taking, dispersed.

## SUDDEN RISE OF WATER.

Collieries in the Vicinity of Mahanoy City, Pa., Being Flooded.

Mahanoy City, Pa., March 8.—Because of the sudden rise of water in many of the collieries hereabouts the work of hoisting the mules was begun Monday night. Mine pumps are running at full capacity but the water is still gaining rapidly. Mahanoy creek overflowed its banks Monday evening and the towns of Gilberton, Mahanoy Plane and Girardville are under water. At Ashland Monday night Bert Graeber, 11 years old, fell into the creek and was swept away and drowned.

Secretary Shaw the Guest of Honor. Philadelphia, March 8.—Secretary of the Treasury Leslie M. Shaw was the guest of honor at a dinner given Monday at the Union League by the bankers of Philadelphia. Among the guests present were many prominent bankers from other cities.

## LYNCHING IN OHIO

Desperate Negro Taken From the Jail at Springfield by an Infuriated Mob.

### SHOT TO DEATH IN JAIL YARD.

Culprit Had Shot and Killed Policeman Collis and Mortally Wounded a Colored Woman.

Two Companies of Militia Were Ordered Out to Disperse the Mob, But Arrived on the Scene Too Late.

Springfield, O., March 8.—Richard Dixon, a desperate Negro, was taken from the county jail Monday night by an infuriated mob and shot to death in the jail yard, and a few moments later the body was taken to the corner of Main street and Fountain avenue, where the mob spent a half hour riddling the body with bullets from several hundred revolvers.

Dixon shot Policeman Collis Sunday morning in the former's room in the Jones hotel, and Collis died at noon Monday. Collis had served for 12 years on the force and was regarded as one of the most reliable and efficient men in the police department. He had gone to Dixon's room on the Negro's request. Dixon said his mistress had his clothes in her possession. Collis accompanied Dixon to the room and in a short time the men and woman engaged in a quarrel which resulted in Dixon shooting the woman, who is variously known as Anna or Mamie Corbin, in the left breast just over the heart. She fell unconscious at the first shot and Collis jumped toward the Negro to prevent his escape from the room. Dixon then fired four balls into Collis, the last of which penetrated his abdomen. Dixon then fled from the room.

Dixon immediately went to police headquarters and gave himself up. He was taken to jail and Collis and the wounded Negro were taken to the hospital. All afternoon the killing of Collis was the sole topic of conversation and both Police Judge Miller and Common Pleas Judge Mower are freely censured. They both sentenced him at various times to the jail and the workhouse for from two to six months, but he was always released before the expiration of his sentence. It was the general feeling that a trial would only result in an insufficient sentence and talk of a mob was frequently heard before supper.

At 7:30 o'clock Monday evening a mob of boys gathered in front of the jail. This group was augmented by a few men and by 8 o'clock 300 men had congregated about the jail yard and steps. At one time the iron bar at the east entrance was removed and the door partly opened. The policemen on the inside promptly opened the door and pulled the two nearest men inside. This ended all active moves to break the door until nearly 11 o'clock.

All the windows in the jail and a few in the courthouse are broken. This was done in the earlier part of the evening, chiefly with bricks and stones. At 9 o'clock Sheriff Routzahn addressed the mob from the jail steps. He told the men that there would be a special session of the grand jury called at once and the law would surely give the Negro the limit for his crime. He said further that any attempts at force would be met with force, and much as he deplored the crime, he would be compelled to fire if the mob stormed the jail. He said the building was practically impregnable and said that he had a force of deputies and police inside sufficient to defend the place for an indefinite time. Only a small portion of the mob heard his voice, as hundreds of men in the street below were calling out for Dixon's life.

Upon the request of Mayor Bowlus, Maj. T. J. Kirkpatrick, of the Third O. V. I., had Companies B and E in readiness to aid in defending the jail. Before either company was ready, however, an entrance into the jail had been forced.

When Dixon had been secured it required only a few minutes to push back the small cordon of policemen, who made their last stand at the east entrance in an ineffectual attempt to keep Dixon inside. The Negro's face was livid and when he appeared at the top of the main steps he would have fallen from sheer terror had he not been suspended in the grasp of a dozen men. The police again rallied to his aid and when the mob saw this the leaders hurriedly decided to kill their victim before the arrival of the militia. Dixon came here from Cynthiana, Ky. There have been 11 murders in Clark county in the last two years and in no instance has there been a conviction for first degree murder. Several of these murders have been of the

cold-blooded type and exasperating and this fact, more than any other, is responsible for the first lynching in the history of the county. There has never yet been a case of capital punishment from this, Clark county.

## THE KENTUCKY LEGISLATURE.

The Senate Will Not Act Upon House Bills For a Time.

Frankfort, March 8.—Senate—Senator Carroll offered a resolution providing that no further house bills be considered by the senate until such time as the house will take up senate bills. It was in retaliation for the resolution of the house, adopted Saturday, to consider no more senate bills till the last four days of the session. The resolution stated that the senate has passed on 41 of the 67 house bills that have come to the senate, while the house has acted on only eight out of 90 senate bills that were sent to the house. The house resolutions on the death of Representative Harry McDonald, of Louisville, were adopted by a rising vote. The senate bill to amend Section 4225, Kentucky statutes, so that it shall apply to foreign corporations the same as Kentucky corporations as to paying one-tenth of one per cent. of its capital stock as an organization tax, was recommitted after discussion.

House—Speaker Brown being ill, Mr. Lawrence was in the chair Monday. He announced that the committee on rules had agreed to act until Tuesday night under the resolutions providing that only house bills shall be considered until after Thursday. Mr. Heblin offered a resolution providing for three sessions daily during the rest of the legislative session. It was adopted. Mr. Crowe moved that the vote by which senate bill No. 63 was defeated last Friday be reconsidered, and Mr. Klair moved to lay it on the table. That motion was lost. The bill prohibits the sale of liquor at wholesale in local option districts. The motion to reconsider was carried and the bill fell into the order of the day, as no senate bill could be considered Monday.

## THE PUBLIC PRINTING.

Gov. Beckham Appeared Before the Investigating Committee.

Frankfort, Ky., March 8.—Gov. Beckham created a small sized sensation Monday afternoon when he appeared before the senate committee investigating the public printing. The committee has been holding secret sessions and the governor said that on behalf of himself, Auditor Hager and Secretary of State McChesney, he protested against being required to testify in star chamber session, but would be glad to appear as a witness and testify at a meeting in public. He also said that he desired to give the committee the benefit of some things in connection with the investigation which had come to his ears. The committee voted to hold an open session at 4 o'clock Tuesday for the purpose of hearing the governor and the other two witnesses. Their testimony promises to be sensational.

## Failed of Passage.

Frankfort, Ky., March 8.—Mr. Bourne's bill failed of passage in the house. It provides that a person convicted of murder can not be paroled for ten years; that a person convicted of rape can not be paroled at all, and that a person convicted for only a two-year term can not be paroled.

## A Big Deal in Oil.

Mt. Sterling, Ky., March 8.—The Estill County Oil Co., drilling in Estill, has sold their entire output, about 3,800 barrels daily, to the Standard Oil Co. at \$1.30 per barrel. This is the best sale made of any Kentucky oil and shows that the oil found in Estill is of a fine quality.

## Lost His Life in a Wreck.

Richmond, Ky., March 8.—William Johnson, of this city, an employe of the Louisville & Atlantic railroad, was instantly killed in a wreck on that road at King's tunnel, and James McCoy and William and Frank Frazier were seriously injured.

## Legislature Adjournment.

Frankfort, Ky., March 8.—The Kentucky legislature will adjourn sine die Tuesday of next week. Most of the important legislation was disposed of during the first month of the session. No new bills introduced now can be passed.

## MORMON SECRETS

Mrs. Clara Mabel Kennedy Testified in the Senator Smoot Hearing Monday.

### PRESIDENT J. F. SMITH FINISHES.

The Witness Asserted on the Stand That He Is the Father of 42 Children.

Mrs. Kennedy's Testimony Showed That Mormon Officials Practiced Polygamy in Violation of the Law For Years.

Washington, March 8.—After having Joseph F. Smith, president of the Mormon church, on the stand for nearly five hours Monday before the senate committee on privileges and elections which is investigating the right of Reed Smoot to sit as a senator, both the prosecution and the defense announced that they were through with him and another witness was called. This was Mrs. Clara Mabel Kennedy, who told some secrets of the Mormon church which, if not broken down, it will prove as important as the statements of President Smith that he and other officials have been persistently cohabiting with plural wives in violation of the law. Mrs. Kennedy said she was married by Brigham Young, an apostle of the church, to James Francis Johnson, a polygamist, since the manifesto of 1890, and that she has had two children by that husband. The marriage was performed in Mexico, according to the witness, at the home of a high official of the church.

Before President Smith left the stand Mr. Taylor questioned him in regard to the ages of several of the children and Mr. Smith answered: "I am not in the habit of carrying birth records about with me."

Both the prosecution and the defense announced that they were through with Mr. Smith for the present, but before he was allowed to leave the stand Chairman Burrows inquired: "How many children have you now, Mr. Smith?"

"Forty-two," was the answer, "21 boys and 21 girls, and I am proud of every one of them."

As Smith started to leave the stand Senator Dubois again stopped him and asked the ages of President Woodruff and President Snow at the time of their deaths.

"It appears that both were more than 70 when the manifesto was issued," said Senator Dubois. "You have testified that both obeyed the law in regard to polygamous cohabitation and have not practiced it since that time." "I think it likely."

Senator Overman said that he had a pamphlet saying that Jesus Christ was a polygamist. Turning to Mr. Smith he asked: "Is that what your church teaches?"

"No, sir," was the response. "What we teach is that Jesus Christ was descended through a long line of polygamists through David and down to Abraham."

Mrs. Clara M. Kennedy testified to having been married into a plural marriage since the manifesto of 1890. She said the ceremony had been performed by an apostle of the Mormon church. Mrs. Kennedy said she was born in Albany, N. Y., 27 years ago and went with her parents to Utah when she was two years old. Her parents were Mormons and she was brought up in that faith and had been taught the propriety of plural marriage, and in fact, never had known any different life until after her marriage. The family moved to Diaz, Mex., when she was about four years old, where she lived until she was 17 years old, when she was married to James Francis Johnson, who already had one wife. Mrs. Kennedy said she met the first wife and they had "a slight interview" about going into the family as a second wife. The first wife gave her consent to the arrangement.

According to arrangements Mr. and Mrs. Johnson and baby and the witness drove from Diaz to Jaurez, Mex., to be married. They remained there two weeks before the ceremony was performed by Apostle Brigham Young. Mrs. Kennedy had two children by Mr. Johnson and five years later they separated.

Senator Hoar asked the witness if she had received any form of marriage certificate from Apostle Young and she replied that she had not.

Washington, March 8.—Representative Lilley, of Connecticut, introduced a resolution directing the secretary of commerce and labor to investigate the cause of the present high price of white paper used for the printing of newspapers, and whether it is caused by a trust or combination.

## River News.

The Ben Hur passed up last night for Huntington and is due down to-morrow.  
 Captain Gordon Green, of the Green Line, has made preparations to run excursions to St. Louis this summer. The Greenland will make at least five trips from Pittsburg to St. Louis, commencing about May 23. The round trip will be made in twenty-one days, with a week at the fair.  
 It is stated that Captain Oscar F. Barrett, owner of the mills and boat yard at Levanna, has about decided to build an immense coal elevator at the river in the center of Levanna; the entire structure and plant to cost \$25,000, and possess every modern facility for handling and shipping coal. The new plant will employ at least twenty hands, and 1,000,000 bushels of coal per annum can be unloaded from barges and loaded into cars from a switch on the O. R. and C. Ry., north of the buildings. The Barrett own a large block of stock in the Pittsburg Coal Combine; besides they own three towboats and the largest coal dredge or digger on the Ohio river. The digger can unload coal from a boat faster than twenty-five men.

Don't overlook the fact that low prices are thinning out the Barkley shoe stock.

A petition of R. E. Martin & Co. to conduct a billiard and pool room in building formerly occupied by D. Hunt & Son on West Second street was presented. A protest was filed by a number of owners and occupants of property on the square. Mr. T. D. Slattery addressed Council on behalf of the protesters, but Council granted the petition by a unanimous vote.

Wyandotte Tribe No. 3, I. O. R. M., was granted the use of certain streets for a street fair and carnival some time in June. The petition asks for use of Second, Third and Fourth between Sutton and Casto, Limestone and Sutton between Front and Third, Market and Court between Second and Fourth. The Board of Education was granted authority to negotiate a loan not exceeding \$1,000 to provide funds for current expenses.

assessment, and when the taxes are paid, Mr. O'Donnell to receive 20 per cent. of same as compensation. The contract to hold good for two years. Some doubt was expressed as to the right to make such a contract, and as a settlement of the question, the Ways and Means Committee, with the Mayor and City Attorney added, were empowered to employ an assistant to discover and report property that has omitted from assessment.

The Ways and Means Committee was directed to apply the balance in the treasury to the payment of M. and B. S. railroad bonds due, and to provide funds for current expenses the committee was then authorized to sell four emergency bonds of the value of \$500 each.

Mr. Short moved that the city pay the judgment of \$250 recently given in the Circuit Court in favor of Jos. Weaver against former Policeman Bruce Easton, for false imprisonment. He thought the city ought to back up its officers in the discharge of their duties. Messrs. Dersch and Frost expressed their sympathy for Mr. Easton and his sureties but did not think Council should vote the city's money for such a purpose. City Attorney Wood said there was no legal grounds whatever for such an allowance. Action on the matter was postponed until next meeting.

An arc light was ordered put up at intersection of Maddox and Piester avenues. Ben T. Smith was re-elected Street Commissioner for ensuing year, at a salary of \$40 a month.

Mr. Dersch called attention to the character of the city's water supply. He said the city had a contract with the company for pure, wholesome water, and he didn't think the muddy water now being supplied was up to the contract. Ripley has a nice supply of filtered water, and he thought Maysville ought to have as good. On motion the matter was referred to the Water Committee.

Mr. Thomas moved that the Internal Improvement Committee, with the Mayor added, hold a meeting this month and come to some definite conclusion as to whether any street improvements shall be undertaken this year, and if so, the kind and probable cost, and report at next meeting of Council.

Read what a Mason County farmer says of his Deering Binder:

This is to certify that I bought a Deering Tongue Truck 8 ft. Binder in 1902, and wish to say that it is as far ahead of the old 6 and 7 ft. binders as day is brighter than night. In one day I cut 30 acres of heavy wheat, and without tiring my horses any more than cutting 15 acres with the old 6 ft. binder. It is perfectly free from neck weight or side draft and a pleasure to operate, elevating grain that the old small binders would choke on. Too much cannot be said in favor of this matchless labor saver. I can cheerfully recommend it to all my friends as the binder par excellence. Very truly,  
 CHAS. T. MARSHALL.

This is only a sample of what everybody says who has a Deering Ideal Binder.

# Save Your Daughter

No. 165 West 83rd Street,  
 New York City, N. Y., April 3, 1903.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

Lizzie N. Thompson  
 THESAURUS, BATHBONE MEMORIAL ASSOCIATION.

# WINE of CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.

DEAR CUSTOMER:

Three years ago we anchored here; since then we have given Maysville a dry goods store different from any that had ever existed here. We were trained for an up-to-date dry goods business. We do not claim that all our methods are original for we get ideas from some of the best dry goods stores in the country. We doubt if there is a store in the world the size of ours that stands in with as many large stores as do we. That's to your as well as our advantage. A big store buys a large lot of underwear at a very close price. says to us that we can have what we want of it at cost price. Another store buys a million pounds of writing paper, says to us you can have ten pounds, one hundred pounds or whatever you want at just what it costs us. That's "standing in," do you get the idea? Saturday the C. and O. freight office telephoned us that one hundred cases, carpets, etc., (about 20,000 pounds) have arrived. We will open them this week. Good things, that's sure. Come every day, for every day will be opening day. Our Mr. A. L. Merz telegraphed that an offer he had made on a large lot of goods had been accepted. Prepare for a big sale—when the goods come you will hear from us. And now before closing we want to say one word about Globe Stamps. Don't for one minute think we give them to you because we are GENEROUS—no, it's a cold business proposition—we give them to make cash trade. Most houses we buy goods from say you can have so much time, but we will give you a per cent. off for cash. That's what we say—stamps for cash. Some stores say they won't give stamps—they would have to mark their goods higher. We are wondering if they did. We don't. Sincerely yours, MERZ BROS. P. S.—Forgot to say that our Muslin Underwear Sale will continue one week.

LINDEN DORSEY KIRK.

Particulars of the Accidental Death of a Young Man Who Had Many Relatives in This City and County.

[Bloomington, Ill., Bulletin.]  
Linden Dorsey Kirk, eldest son of Mr. and Mrs. George Kirk, was born in Linden, Jefferson County, Ky., November 7, 1873, and departed this life February 20, 1904, in Chicago, where he met with an accident that caused death. He was one of Belleflower's energetic and enterprising young farmers and had gone into the city with a car of fat cattle. The only way his people can account for his untimely death was on account of losing sleep by being up almost three consecutive nights, he was worn out. When he alighted from the car on the elevated road at the Twelfth street station instead of going out through the gateway and down the steps to the street, the supposition is that he went down the walk inside about 300 feet until he came to the end of the walk, then took to the elevated track. He had not gone very far when it is supposed he saw a train approaching and to avoid being struck stepped across the trolley wire to the roof of a flat about eighteen by twenty-four feet, and about thirty feet high. He landed all right as his tracks in the snow showed that he had walked all around the roof, looking for a place to get down. At the corner there was a narrow ledge or projection. He stepped down to that and the next step he went to the ground. In falling he came in contact with two heavy clothes line wires, breaking them in two when he struck them. He must have struck with his face on the wires, as his face was cut badly. This occurred some time after 3 o'clock and he lay where he fell until 7:30 in the morning, when the police found him dead. He was brought home on the 9 o'clock train and taken to his father's house, three miles south of town, where the funeral was held. Deceased leaves to mourn his loss, besides his father and step-mother, six brothers and two sisters, as follows: Theodore H., who resides in Kentucky; Mrs. Mae Kirk Heller, of Blue Ridge, Platt County; Cary B., of Blue Ridge Station; Arthur R., near Kumler. Deceased was noted for his honor and integrity and those who knew him best loved him most. He was our present tax collector and also Democratic Committeeman of Belleflower township and very prominent in K. of P. circles, being Deputy Grand Chancellor of the district of eastern McLean County. The interment was at Blue Ridge Cemetery, in charge of the K. of P. order.

Relatives of Mr. Black send this correction: Mr. Black is still in the Cincinnati hospital,—has not been sent to Longview asylum; he is not crazy and will not under any circumstances be sent to Longview. He never lost his property by flood or fire, never peddled anything in his life; was sent to the hospital on the advice of Dr. Char. Kearns, of Covington.
